

LEGEND AND SUMMARY OF BEC WHITE RIVER DAY RIDER TRAIL

WHITE RIVER 14.6 Mi.  Lollipop with counterclockwise loop (pink on map, white diamonds on trail)
Start downstream on River Rd.

WHITE RIVER: From the outdoor riding arena, the trail starts downstream on River Road, passes the *Day Trailer Parking* area in ½ mile, goes through a large field, crosses a wooden bridge, veers right and goes to the lagoon, turns right and crosses the paved road, climbing uphill towards the hack stable. The trail passes below the carriage barn and turns left at a large marker tree. The trail goes along paved Deer Park Rd. and then crosses the road and goes into the woods. The trail comes back out, goes parallel to Deer Park Rd., crosses the paved main exit road, goes down to the river and turns right on River Rd. (gravel). The trail continues past the French Broad River Bridge, continues along the river and passes under I-40. The trail goes along the river and comes out to and parallels the paved main exit road beside a field, crosses the road and returns to woods trail, and then goes downhill into fields. The trail goes through fields and then back under I-40. It veers right just beyond the overpass. The trail goes briefly through the woods and then parallel to Deer Park Rd. for about ¾ mile. The trail makes a sharp right over a culvert and comes to a T intersection at 9½ miles with the Red trail and turns right. (See below for shorter alternative). Continue through woods and fields to the trail intersection below the Carriage Barn. Riders then proceed the remaining 2.4 miles, crossing the road at the lagoon, turn left, cross a wooden bride, go through field and take the main shared return trail (lots of colored arrows) that goes behind the *Day Trailer Parking* area and on to the finish at the outdoor riding arena.

ALERNATE SHORTER ROUTE (11.4 Mi.) At just over 9 miles, the trail makes a sharp right over a culvert and shortly comes to a T intersection with the Red Trail. Turn left and follow the Red Trail back to the trail intersections below the Carriage Barn. At that point the trail rejoins the White Trail. Both Red and White Trail run together for the next 2.4 Mi. back to the finish at the outdoor riding arena as described above.

STARTING AND FINISHING AT DAY TRAILER PARKING (14.4 Mi.) White River goes along River Rd. past the *Day Trailer Parking* area ½ mile from the start at the riding arena. White River goes past the back side of the *Day Trailer Parking* ½ mile from the finish at the riding arena. Starting downstream on River Road at the *Day Trail Parking* and stopping as the trail later passes behind the *Day Trailer Parking* area reduces the trail length by 1 mile.

Trails marked with black arrows on white diamonds. Markers attached to trees or stakes.

At turns, expect one or more warning arrows before the turn. Turn arrow for White Trail.

There are confirming straight arrows after turns. Confirming arrow for White Trail.

There are occasional “go straight” arrows along the trail. Straight arrow for White Trail.

White octagons with **large black X mean wrong way** for White Trail. Do not pass.

SUPER IMPORTANT FOR SAFETY

If you meet any carriage or guided trail ride group, you MUST come to a walk or halt and wait for instructions from the Trail Guide before passing.

In congested areas, for example the lagoon and Big Rock, please obey all signs about walking or trotting only.

Do NOT go into the French Broad River or lagoon/lakes at any point! NO SMOKING ON TRAILS

EMERGENCY: Biltmore Security 828-225-1234; Biltmore Equestrian Center 828-225-1454.
